Math Placement Information in Career and Technical Degrees or Certificate Programs

PURPOSE

Allows students who are enrolled in Career and Technical degrees or Certificate programs to fulfill the required math courses by placement at a higher level.

SUMMARY

If the students place above any of the designated classes, the class requirement will automatically be waived.

STANDARD

1. If a course does not have a disclaimer in the Catalog, higher level placement scores will satisfy the requirement.
2. The course hours must be replaced with one of the following:
 - a. Related Instruction courses listed in the catalog.
 - b. Courses identified via the course substitution process.

REVIEW HISTORY

ISP Committee	Adopted	(Reviewed/Updated Career Technical term)—April 15, 2011
College Council	Reviewed	February 4, 2005
